

New Leaf Recovery and Wellbeing College

Inspiring Hope, Opportunity and Control

Autumn 2024 Timetable

Learn how to take control and develop skills to manage your mental health

Hertfordshire Partnership University NHS Foundation Trust's New Leaf Recovery and Wellbeing College provides strategies and tools you can use in your daily life.

Courses focus on how you can manage your mental wellbeing and personal recovery. Personal recovery means building a satisfying, fulfilling and enjoyable life, even if you still face challenges. It's about inspiring hope and building resilience, helping you to bounce back more quickly from life's setbacks. We aim to provide a safe place for you to grow and learn skills for your unique mental health recovery journey.

We co-produce our courses with people who have their own experience of mental health challenges. All courses are co-delivered by a practice tutor and a lived experience tutor.

Book a course

To book your place on any of our courses, visit our [book a course page](#) or scan the QR code. We offer an increasing number of courses and we update our timetable regularly. We may need to change the venue, date, time or move the course online. Please check our website for the most up to date information.

Student development programme

The Student Development Programme (the Programme) aims to foster hope, optimism and control, empowering students to strengthen and self-manage their mental health and recovery. Everyone on the Programme will participate in teaching sessions, create a development plan and attend group and one-to-one support sessions. The Programme also provides development opportunities for students to progress in their recovery, including co-producing courses and projects, shadowing facilitators in the classroom, attending promotional events and administrative tasks.

The Programme is an excellent opportunity for students to advance in their recovery and achieve their personal goals, including those considering taking up new activities, volunteering, or employment. It is for any student at the College who want to learn more about recovery, move forward despite life's challenges and improve their self-confidence and self-esteem. It is particularly suitable for students that have a lived experience of mental health challenges who feel they are in a place of recovery at the moment.

This is an extended programme of learning over several terms and a regular time commitment is required. Please contact us for more information.

About Hertfordshire Partnership University NHS Foundation Trust

Hertfordshire Partnership University NHS Foundation Trust supports people with mental health challenges, learning disabilities and autism across Hertfordshire, Buckinghamshire, Norfolk, Waveney and Essex. If you need support, please get in touch with us at:

- Freephone Single Point of Access (SPA) on 0800 6444 101 (24/7, 365 days a year)
- NHS 111 and select option 2 for mental health services
- Email: hpft.spa@nhs.net, Website: hpft.nhs.uk
- NHS Hertfordshire and Mid-Essex Talking Therapies - Free and confidential talking therapy, webinars and practical support to help with: worry, low mood, insomnia and stress. The service also helps carers and people who are struggling with the reality of living with long term physical health challenges. Make a referral, book a webinar or find out more: hpft-talkingtherapies.nhs.uk.
